

## Week 7

### Overview:

We continue reading the novel The Lions of Little Rock this week. Just as before, you will find two sections in your packet: “Chapter Response Questions” and “Vocabulary Activities”. You will need to go back and forth between the two sections to complete the designated questions and activities as directed below. Almost all of the questions require you to write your answers on separate pieces of lined paper. You may also type your answers on the computer and print them out. Complete sentence responses are required in all cases.

### Assignments:
